

Plan for the future.
Protect your loved
ones.

With medical and technological advances, we are living better, healthier and longer lives. But that also means there is a greater need to prepare for the possibility of developing a chronic illness or suffering from a disabling accident. Having a Long Term Care insurance policy in place helps cover health care costs, safeguard your assets and give peace of mind to you and your family.

Costs – \$6,844 per month is the national average for a semi-private room in a U.S. nursing home.*

Assets – Preparing now for your future long term care costs will help protect your assets.

Family – Having long term care plans in place will help ease the physical, financial and emotional burden placed on loved ones.

EssentialLTC, NGL's Long Term Care insurance, can give you and your loved ones peace of mind that you secured your future and protected the assets you worked so hard to save.

With the rising costs of health care, including a Long Term Care insurance policy in your financial plan could potentially help you avoid the risk of needing to spend down assets to pay for care.

No one purchases Long Term Care insurance hoping to use it someday. Someone who is turning age 65 today has almost a 52% chance of needing some type of long term care services in their remaining years.**
