Thank You from ManhattanLife!

First of all, thank you for taking the time to read our Agent Guide! We realize that you have many carrier and product options to choose from and we sincerely thank you for choosing ManhattanLife!

Who We Are

Who is ManhattanLife? Since 1850, we've defined our brand with our commitment to standing by policyholders and producers with diligence and compassion. For over 175 years we've been a private and closely held company by choice. And as an independent, we have always been free to make decisions that align with our values and core mission – helping policyholders attain and sustain health, wealth and security throughout their lives.

We demonstrate this commitment by striving to honor claims and pay benefits with professionalism and care. For our producers, we are a reliable and independent partner. We stay agile and open minded about customizing products or innovating new policies to meet our policyholders' evolving needs. With a national footprint and licenses to sell in every state and U.S. territory, we are everywhere you want us to be.

The Company's longevity as staying independent in the marketplace is remarkable considering the robust merger and acquisition activity the industry has experienced in modern times. To put its staying power in context, the current average age of S&P 500 Index companies is less than 20 years old. By contrast, operating successfully for over 175 years as an independent is a testimony to ManhattanLife's enduring history and an indicator of the reliability of our future.

Policyholder Conversion Guidelines

For insureds who currently have Home Health Care Select, we will allow the opportunity to apply for coverage under Home Health Care Enhanced.

- A new application must be submitted and will be reviewed by underwriting
- Underwriting will evaluate both the application and the insured's claims experience under their current policy
- Based on this review, underwriting will determine if the insured is eligible to convert to the Enhanced product
- If an insured is not approved, they will retain their existing HHC Select policy and the request for increased/enhanced coverage will simply be declined

Home Health Care Conversion FAQs

1. Will existing Home Health Care or Home Health Care Select policyholders be allowed to move to Home Health Care Enhanced?

Yes – existing policyholders may apply for Home Health Care Enhanced coverage. Requirements:

- New application required
- Underwriting and claims experience review required
- New Home Health Care Enhanced policy issued if approved
- Existing policy remains in force if declined

2. If a client upgrades to Home Health Care Enhanced, does their pre-existing condition period start over?

Due to variables, this will vary on a case-by-case basis. Please contact ACES with any questions at aces@manhattanlife.com.

3. Will insureds be allowed to convert at any time or only on policy anniversary/effective date?

The policyholder can upgrade at any time.

4. How are prescription drug benefits handled when moving to Home Health Care Enhanced?

Prescription drug benefits previously paid under the current Home Health Care policy during the same policy year will be considered when determining remaining eligibility under the new policy.

Purchasing New Policies

Applicants who were prior policyholders that either canceled their policy or allowed it to lapse are not able to purchase a new Home Health Care Enhanced or Home Health Care Select Insurance policy unless the person has had no Home Health Care Insurance coverage with ManhattanLife for six or more months. After this period with no coverage, the applicant would then have to submit a new application, request their desired plan option(s) and pass to underwriting.

Reinstatement

A Home Health Care Enhanced and Home Health Care Select Insurance policy can be reinstated up to 90 days after it has lapsed. Once a policy has lapsed more than 90 days, the individual must go six or more months without coverage with ManhattanLife. After this period with no coverage, the applicant would then have to submit a new application, request their desired plan option(s) and pass underwriting.

Conditions on Eligibility

Applicant must be between the ages of 18 - 89 for Home Health Care Enhanced and 45 - 89 for Home Health Care Select as of the effective date. The applicant must be a resident of a state where the product is filed and approved.

Ineligible Persons

Ineligible persons include:

- Anyone currently living in a nursing home or assisted living facility
- Anyone currently receiving home health care or similar-type benefits
- Anyone physically unable to perform routine activities such as bathing, dressing, eating, toileting or transferring to or from a bed or chair
- Anyone who is incarcerated in a penal institution
- Anyone currently in a psychiatric facility

Withdrawn Applications

Applications will be withdrawn for the following reasons:

- The applicant does not recall filling out the application
- The application was taken by an agent who was not licensed and appointed at the time of solicitation in the state of solicitation, or the state in which the applicant resides

Benefit Changes

Request to change the Home Health Care (Classic, Premier or Deluxe) plan will be processed as an internal replacement. An internal replacement is processed as a new policy and will require a newly completed application with full underwriting. For internal replacements, we will use the same underwriting criteria; however, we will also use our claims database to assist in determining the risk of an applicant. The writing agent will not receive full commissions on internal replacement policies.

A request to remove benefit riders can be done at any time. All requests must be submitted to our office in writing. Once a benefit has been removed, a new application is required to re-enroll.

All benefit changes are subject to policy provisions and changes in premium amounts. For more information, please contact our Customer Service Department or your insurance agent.

Marketing Materials & Forms Usage

Home Health Care Enhanced and Home Health Care Select availability and forms vary by state. If there are any questions on plan availability or forms by state, contact us at 1-888-441-0770.

Obtaining Marketing Materials and Forms

Approved materials and forms are posted to the agent portal for download. To order paper copies of materials and forms, please contact your upline or call 1-888-441-0770. You can also reach out to our ACES team at aces@manhattanlife.com

Creation and Alteration of Advertising/Marketing Pieces

Advertising and marketing materials must be approved by each state Department of Insurance prior to use by agents. Agents are not allowed to create their own marketing materials, or modify approved ManhattanLife marketing materials. This includes, but is not limited to, letters, business cards, announcements, flyers, videos, posters, newspaper ads, etc. An agent must disclose any information relating to unauthorized use of marketing materials to ManhattanLife.

Agents who wish to modify marketing materials must first obtain approval through Sales and Marketing.

Submitting Paper Applications

We always suggest submitting applications through ManhattanDirect 2.0, as we have found processing times are generally quicker. We do, however, understand there may be times when this simply isn't possible. In the event a paper application has to be submitted, the agent needs to complete the application with the applicant actively engaged throughout the process. The agent can either be at the same physical location as the applicant/owner, or the application can be processed over the phone. Regardless of how the application process takes place, both the applicant/owner and the agent must physically sign the document. Therefore, if the application is completed over the phone, the agent must fax or send the application to the applicant/owner to obtain their signature before submitting it to ManhattanLife for processing. Below are options for getting paper applications to ManhattanLife for processing. Instructions provided below.

Easy Upload Feature

The Easy Upload tool can be used to upload applications rather than mailing or faxing them. Please note currently Easy Upload will only accept PDF files. Therefore, the application must be scanned and converted to a PDF to be attached. There are step-by-step instructions found in the "Easy Upload" section in the middle of the Dashboard page. It should be noted that in order to submit via Easy Upload, you must be logged into our ManhattanDirect 2.0 system.

The Easy Upload feature was created to enable the submission of paper applications, rather than mailing or faxing them. The Easy Upload feature can be found on the homepage of the Agent Resource Center or at the following URL:

<https://producer.manhattanlife.com/life/account/login.aspx?AsAgent>

Submitting New Business

Prior to submitting applications:

- Review application for completeness and accuracy
- Verify correct premium amount
- Collect bank draft authorization information and signature(s) as applicable
- Any corrections must be initialed/dated by the applicant/owner (do not use white-out)

Effective Dates

The policy effective date and the bank draft date must match for a policy to be issued. If the requested effective date is left blank, the bank draft date will become the policy effective date. We will honor requests for effective dates starting from the date the application was signed up to six months in the future. Insurance policies may not be effective on the 29th, 30th or 31st of the month. Applications written on these days will be made effective on the 1st of the following month. Additionally, the policy effective date cannot be prior to the applicant's signature date.

Once an application is processed and accepted, the policy is scheduled to draft on the requested effective date.

Rates

Home Health Care Enhanced and Home Health Care Select rates vary by state and by age. Consult the rate schedule for each state for specific details.

- **Age Used To Determine Rates:** When a quote is prepared in the system, the rate is based on the applicant's age as of the application submission date. If the policy is then issued, this will be the rate paid by the policyholder until the next rate increase.
- **Effective Date For Rate Increases:** When a client moves from one age band to another (e.g., 65 to 69 moving to 70 to 74), the rate increase will take place on the policyholder's next policy anniversary month after moving into the higher age band.
- **Rate Increase Notification Process:** Rate increase letters are sent to policyholders when they move up to the next higher rate band and are subject to a rate increase on their next policy anniversary month. Depending on state requirements, this correspondence will be sent to the insured 30-60 days prior to the new rate's effective date.

Underwriting

The goal of ManhattanLife and group of companies is to issue insurance policies as quickly and efficiently as possible, while ensuring proper evaluation of each risk. To accomplish this goal, writing agents may be contacted via email to advise him/her of any problem(s) with an application.

Complete applications will be reviewed and processed within 48-72 hours. It is very important to ensure the entire application is filled out completely, including all health questions. This greatly helps reduce processing timeframes.

If you (agent) or insured are unsure about past medical conditions, impairments or terminology, please provide any additional comments that could provide additional insight to our underwriters.

Telephone Interviews

There may be instances when a telephone interview is necessary to verify information within the application. In the event we are unable to complete a phone interview, additional medical records may be required.

**Any deviations from the application and information gathered during a phone interview could result in processing delays. Please be aware that agents and/or an agent's representative may not be present or on the line while a phone interview is being conducted.*

Premium Payments

ManhattanLife allows the following payment methods:

<u>Direct bill*</u>	<u>Bank Draft</u>
Annual	Annual
Semiannual	Semiannual
Quarterly	Quarterly
	*Monthly

**Monthly payments are only an option for automatic bank draft.*

The applicant may select any day for the renewal premiums to be drafted excluding the 29th, 30th or 31st of the month.

Automatic Bank Draft Options:

Option 1: Pay initial and renewal premiums by bank draft

A completed Bank Draft Authorization form must accompany the application. The Bank Draft Authorization form must be filled out in its entirety. If the information provided is incomplete or unclear, ManhattanLife will require proof of the routing number and account number from the financial institution.

Option 2: Pay initial premium by paper check and renewal premiums by bank draft

The initial premium is due at the time the application is submitted for processing – no exceptions. A completed Bank Draft Authorization form must accompany the application. The Bank Draft Authorization form must be filled out in its entirety. If the information provided is incomplete or unclear, ManhattanLife will require proof of the routing number and account number from the financial institution.

If submitting via fax and you (the agent) have collected a premium check, please mail the check along with a copy of the first page of the application to one of the addresses provided in the “Contact Us” section.

NOTE: If the initial EFT is returned non-sufficient funds (NSF), a second attempt will be made on the 5th business day after we are notified by the Bank. If the second attempt is unsuccessful, payment will be called due, the policy will transition to quarterly direct bill mode and the initial premium will be required to activate the coverage. If the initial premium is drafted successfully and any renewal premiums are returned NSF, a second attempt will be made on the 5th business day after we are notified by the Bank. If the second attempt is unsuccessful, payment will be called due, and the policy will transition to quarterly direct bill mode.

Required Application Information

Whenever possible we highly recommend utilizing our ManhattanDirect 2.0 enrollment platform, as paper submissions often have undue delays. If an application is submitted with incomplete, unclear or missing information critical to the risk evaluation process, a new application may be required, or an amendment to the application will be issued. Critical information includes, but is not limited to:

- Complete residential address
- Date of birth
- Social Security Number
- Plan selection
- Correct Premium
- Bank draft date/Policy effective date
- Eligibility questions
- Applicant's signature
- Agent's signature
- Agent Number

Top Reasons for Application Delays

- Post-dated check submitted with application (Please remember, we do not accept postdated checks).
- Temporary check submitted with application. Checks should be pre-printed from the insured's financial institution, or verification on official bank letterhead.
- The application is received at the administrative office more than 30 days from the signature date, or if the signature date is in the future.
- Pending Agent Appointment. ManhattanLife practices "Just in Time" appointments and processing of applications. What does this mean? This means that we will not run a background check and solidify appointments until your 1st piece of business is submitted. This could result in a 24-48 hr delay for this initial deal, so please keep that in mind.
- Deposit slip submitted in the place of a voided check.
- Signature stamps are not allowed on applications. Please ensure a physical signature is captured.
- Premium check from any third-party payor that has no immediate family OR business relationship to the applicant.
- If the amount quoted on the application is less than the modal premium we calculate, we will contact the agent to verify that it is acceptable to process the bank draft for the amount that we have calculated. We will amend the modal premium.
- Provide all medication information and history.
- Information listed on application does not align with Personal Health Interview (PHI).

Policy Issue Guidelines

The policy issued is specific to the state of residence. The applicant's state of residence controls the application, forms, premium and policy issued. If an applicant has more than one residence, the state where the federal income taxes are filed should be considered the state of residence.

Multiple Policies

An individual can only have one ManhattanLife, or Standard Life and Casualty, Home Health Care Enhanced or Home Health Care Select Insurance policy in place at any given time.

Replacements

A replacement takes place when an applicant wishes to exchange an existing ManhattanLife Home Health Care policy for another ManhattanLife Home Health care policy of lesser or greater value, or a policy with an external company. Internal and external replacements are processed in the same manner, and both require a newly completed application with full underwriting. For internal replacements, we will use the same underwriting criteria. However, we will also use our claims database to assist in determining the risk of an applicant.

Situations Requiring a New Application

A new application is required if white-out or liquid paper has been used on the application, or a change was made to the application and not initialed by the applicant.

If the incorrect state-approved application was submitted. Only the most recent state-approved application will be accepted. If the status of the available application is in question, please call Sales & Marketing to confirm the application form number.

Application Status

For your convenience, you may access <https://producer.manhattanlife.com/life/account/login.aspx?AsAgent> at any time to verify the processing status of a submitted application.

Declined Appeals

If the applicant wishes to appeal his/her declined application, a written request must be submitted by the applicant to the Underwriting Manager within 60 days of the decision. If more than 60 days have passed since the decline, the applicant will be required to submit a new application and a telephone interview will be completed. All appeals require medical records pertaining to the condition for which the applicant was declined. It is the responsibility of the applicant to obtain his/her medical records, as ManhattanLife does not make such requests. Medical records must be submitted to the Underwriting Department directly from the physician's office and will not be accepted if submitted by the applicant or agent. Please note that ManhattanLife does not reimburse any fees associated with obtaining medical records or other supporting documentation pertaining to the requested appeal. The written request and medical records may be faxed to 1-713-583-2738 and directed to the attention of the Home Health Care Underwriting Manager. The request and records may also be mailed to the physical address or post office box on page 18 of this Guide.

ManhattanLife is administering this benefit as outlined below.
